Wesley's understanding of the Trinity is essential for Methodists.

Beginning with the Trinitarian debates that raged within England from the early 17th century through the 18th century, this book explains and documents how profoundly important the participatory economic Trinitarian dimension is for understanding Wesley's theology. The author shows how Wesley's Trinitarian vision of Christian faith is dramatically different and how it affects Wesley's ecclesiology and soteriology.

Elmer M. Colyer is Professor of Historical Theology, Stanley Professor of Wesley Studies, and Director of the United Methodist Studies Program at University of Dubuque Theological Seminary in Dubuque, Iowa.

Praise for *The Trinitarian Dimension of John Wesley's Theology*

"Theologically astute and pastorally wise"—that is how Elmer Colyer describes John Wesley's theology. This work does much more than define Wesley's theology; it carefully presents his teaching on the Trinity, situating it within the trinitarian controversies from the seventeenth century on and demonstrating how central the doctrine was to Wesley, who connected it to 'vital religion.' Colyer's work fills a surprising lacuna in Wesleyan theology—a thorough examination of Wesley on the doctrine of Trinity. We are in his debt. This work should become a standard for every Wesleyan seeking to be theologically astute and pastorally wise."

—**D. Stephen Long**, Cary M. Maguire University Professor of Ethics, Southern Methodist University

NEW FROM NEW ROOM BOOKS

“Elmer Colyer insightfully demonstrates the practical value of the Trinity in the theology of John Wesley. Colyer situates Wesley within the orthodox tradition of Christianity, and he describes how each person of the Trinity—Father, Son, and Holy Spirit—influences people’s salvation. In all, Wesley provides leadership in utilizing the Trinity for Christian spirituality and ministry as well as for theology.”

— **Don Thorsen**, Professor of Theology, Azusa Pacific University, Seminary

“In this important book Elmer Colyer, the well-known and highly respected Torrance scholar, offers readers a thorough and reliable guide through the many disputes regarding the doctrine of the Trinity in Great Britain during the seventeenth and eighteenth centuries. Readers will find this historical and theological effort to document ‘the pervasive Trinitarian dimension of Wesley’s theology’ challenging, valuable, and informative. Written by a seasoned Methodist theologian with great skill and acuity this book should be widely read and discussed not only by Methodists but by all who are interested in this central doctrine of the church.”

—**Paul D. Molnar**, Professor of Systematic Theology, Department of Theology and Religious Studies, St. John’s University, Queens, New York

New Room Books is an imprint of the General Board of Higher Education and Ministry of The United Methodist Church and is a peer-reviewed academic monograph series. This imprint focuses on resources meant to deepen and broaden the scope of scholarship for its own sake, in its diversity and contextual complexity. New Room Books is named for the historic building in Bristol, England and place of John Wesley’s study. GHBEM Publishing is an affiliate member of the Association of University Presses.
